Greek Industry of Accumulators

RECOR is a starter batteries manufacturer in Greece since 1964 and the only producer of vehicle starter batteries in Greece.

We export our batteries to 5 continents.

Utilizing 60 years of experience of the Sakkos family in the starter battery industry, while at the same time utilizing the most modern technology, our factory manufactures batteries, which start thousands of vehicles, around the world, every day!

At the company's modern factory in Komotini, with a capacity of 500,000 Ca+/Ca- batteries, the latest technological advancements in production are continuously followed, research is conducted, and new technologies are developed to produce the highest quality product.

Certified under ISO:9001, the **Greek Industry of Accumulators RECOR** adheres to all standards for the protection of the environment and its employees.
